JUNE - 1972

PICNIC- MEETING

Circle Sunday 25 June on your calendar(s) as a reminder to attend the Annual MAS Picnic-Meeting at the Observatory. This will be the last general meeting until September.

Members, their families, and guests are invited. Pack a lunch - the club will furnish the soda. Come and go as you like.

The Board and General Meeting will be combined and will start about 7 p.m. Program Chairman James Toeller will show the film "Stonehenge" - outdoors, weather permitting - after the meeting.

Come out and have a good day! And note the new sign as you drive in. It was made by Virgil Tangney.

THE DOUBLE DOME TAKES A HOLIDAY

Your MAS newsletter is going to take a little vacation. It will be back in your mail box early in September.

OPEN HOUSE

The Annual Open House Program under Dr. George Wagner will open our facilities to the general public the last two Monday evenings in July and the four Monday evenings in August.

We received many visitors last year and expect even more this season thanks to Mr. Lindemann's releases to the press and radio. So we need all kinds of help - 'scope operators, guides, personal 'scopes.

The Portascopemakers are working against time to finish all the instruments so this should keep the guests moving and interested.

If you want to lend a hand call Dr. Wagner at 251-6443 and tell him what you'd like to do and on what night(s)!

DUES

Though a lot of members will be scattering in all directions for restful vacations, Treasurer Al Brouillette won't rest until he gets everyone's dues!

The fiscal year ends 31 Aug., but the money will be put to good use now towards the giant repair-remodeling program going on at the Observatory.

Remember, dues have been changed -

\$15 for General Membership

\$15 & \$1 for each additional member under the family plan

\$10 for Non-Resident Members

\$7.50 for Juniors (under 16)

Please remit to Mr. Al. Brouillette, P. O. Box 6001, Milwaukee, Wis. 53209.
